

hopeFULL Outreach

I would like to introduce you to our first Campus Outreach Intern, Tim Gardner. Tim is passionate about helping teenagers find hope in Christ, and he plans to accomplish this by recruiting and leading a team of leaders to reach out to students on local middle and high school campuses. Tim is already involved on four of our local school campuses, and is actively recruiting leaders to be a part of his team. We invite your prayers in support of Tim and his ministry to our students on local campuses.
